"By This Make We Conquer"

Sole Agent in Astoria for Alfred Benjamin's Correct Clothes for Gentlemen.

HERMAN WISE
THE RELIABLE CLOTHIER.

A MILLIONAIRE TRAMP.

From the rise of the curtain on the Ridgeville, Ind., depot to the final scene in the old hotel on Christmas eve, "A Millionaire Tramp," which will be seen at Fishers' next Friday night, is one succession of surprises. The scenic detail is wonderful. Not the slightest item is overlooked from the roaring of the train wheels or the tolling of the bells in the great church scene to the faint sound of the old clock striking the hour of midnight, at the finish of the play. With all its complete detail, the author has not forgotten that the public likes to laugh, and has given to the piece a wealth of comedy, that produces more hearty laughter than a

dozen average plays can produce. "A Millionaire Tramp" has set the pace for an entirely new style of drama, and other managers will do well to pattern after Elmer Walters' production. Seat sale opens Thursday morning at Griffin's book store.

E. C. Blackford, editor of the Clatskanie Chief, made this office a fraternal call last evening.

BIDS OPENED FOR NEW SITE

Many Locations Are Offered by Property Owners for the Proposed City Hall.

SPECIAL COMMITTEE TO ACT

Will Examine the Property and Hold Meeting on Wednesday of Next Week at City Hall.

The council public property committee yesterday opened bids for the present city hall site and offers of sale of other sites. Two proposals were received for the present site and nine offers were made to sell the city sites at other locations. The offer of S. S. Gordon of \$15,000 for the present site was not altered. This proposal specifies that a new building of three stories be erected on the property. The second offer comes from M. S. Copeland, who agrees to pay \$15,125.

The offer of other sites were as follows:

From William Tarrant, of Portland—Lot at the northeast corner of Commercial and Eighth streets, now occupied by the residence of C. S. Wright, \$7500.

From B. L. Ward—Lot 2, block 66, McClure's, adjoining Asps' blacksmith shop, \$1800.

From H. F. Prael and Mrs. Julia Kinney—Lots 2 and 3, block 117, Shively's, at the corner of Duane, Exchange and Thirteenth streets, \$6000.

From Mrs. Laura Adler—Lot 100x100 feet at the southwest corner of Exchange and Fifteenth streets, part of the site of Fort Astoria, \$6000.

From E. A. Taylor—Lots 5 and 6, block 118, Shively's, \$8000. This property is bounded by Fourteenth, Exchange and Duane streets and is now occupied by one of Ford & Stokes warehouses. It is 100x125 feet.

From L. Mansur and Alfred Gray—Lot 3, block 64, McClure's, the property between the First M. E. church and the Astor house, \$4000.

From H. G. Van Dusen—Lots 8 and 9, block 91, McClure's, \$2800; or lots 8, 9 and 10, with the dwelling on lot 10, \$5000. This property is at the corner of Twelfth street and Harrison avenue.

From E. A. Taylor—Lot 100x125 at the northeast corner of Sixteenth and Exchange streets.

From James Finlayson—Lots 5 and 6, block 71, McClure's, including house, \$2500. The property is at the corner of Eleventh street and Grand avenue.

Of the offers received those of E. A. Taylor for the property at Fourteenth, Exchange and Duane streets and Mrs. Adler are considered the best. Many persons favored the site at the southwest corner of Commercial and Seventh streets, but Mayor Suprenant received telegraphic advice from Charles Parker that this property was not for sale. The property offered by Mr. Taylor is held at \$8000, but it is one-fourth larger than the Adler property. The Adler lot is favored by many, owing to its excellent location. However, it faces on but two streets, while the Taylor property faces on three.

Mayor Suprenant said yesterday that he would be opposed to the construction of a building that would cost more than the city could realize from the sale of its present site. The lot will bring \$15,000 and the mayor has been offered \$2000 for the building. Repairs to the present tumbled-down structure would entail an outlay of fully \$8000, while for \$10,000 or \$11,000 a suitable new building could, the mayor says, be erected. He would also oppose any plan looking to an extra tax levy for city hall purposes.

Chairman Leinenweber, of the public property committee, favors the construction of a good building, and is of the opinion that the Adler site is the best, so far as location is concerned, of those offered. He also regards the Fourteenth street site owned by E. A. Taylor as a good one, especially as it faces on three streets.

The present city hall was built in 1877 by Bain & Ferguson. It cost \$7500. The city paid \$1100 for the property on which it stands and is now offered almost 14 times its original cost. The public property committee last night submitted all the offers received to the council, with the following report:

"While we make no positive recommendation, we think it worth while to consider the advisability of purchasing lot 3, block 117, being 125x50, for an engine house, and dedicating the north 50 feet of the lot for a street to connect Duane in Shively's and Duane in McClure's; and also of purchasing either lots 5 and 6, block 120, or the north 100 feet of lots 1 and 2, block 115, Shively's, for a city hall site."

A motion by Mr. Leinenweber that the matter be referred to a special committee consisting of the mayor, city attorney, public property committee and ways and means committee prevailed. The committee will meet on Wednesday night of next week at the city hall at 7:30. The proceedings will be public. Meantime the different sites will be examined.

R. Vance Hutchins, editor Pacific Journal, has returned to Ilwaco, having passed through the city Sunday.

THE OLD RELIABLE

Absolutely Pure THERE IS NO SUBSTITUTE

Stevens Beaten By Local Team

Soldiers Outclassed in Sunday's Football Game, the Score Being 30 to 0.

Sunday's football game resulted in an easy victory for the Astoria eleven. It is somewhat remarkable that Stevens has never defeated Astoria, and quite singular that Sunday's score, 30 to 0, was the greatest ever made at A. F. C. park and the greatest ever scored by an Astoria eleven. Bad weather made the attendance small.

Astoria kicked off to Stevens in the first half, but the soldiers lost the ball on downs without once gaining the necessary yardage. The ball went to Astoria on Stevens' 15-yard line, where, after four plays, Knutsen carried it over for the first touchdown. Barker kicked the goal; score 6 to 0.

Port Stevens then kicked off to Astoria, which, by steady gains, worked the pigskin down the field to the visitors' goal for the second touchdown. The goal was not kicked; score, 11 to 0.

For the second time in the first half Stevens kicked to Astoria, but the local men lost the ball in the center of the requisite yardage and Astoria again lost the ball on a fumble, but secured possession of it because of the failure of the Stevens team to advance it. Astoria gradually forced the sphere down the field and when time was called for the first half the opposing teams were lined up on the soldiers' 15-yard line; score, 11 to 0.

In the first half Stevens never once made the necessary yardage.

In the second half the teams struggled desperately in the center of the field. Astoria lost the ball on downs, but Stevens could not advance it and it went back to Astoria. On the very first play following Barker went around Stevens' left end for 40 yards and a touchdown. He received splendid interference from Stockton, and the play was the only really brilliant one of the day. The goal was kicked; score, 17 to 0.

Astoria demonstrated her superiority on the next play, when the visiting aggregation was forced the entire length of the field by end plays and straight line bucks. Finally Knutsen was sent through center for a touchdown and Barker kicked the goal; score, 23 to 0.

The next series of plays was identically the same, the Stevens aggregation being forced the entire length of the field. Astoria lost the ball this time on Stevens' goal line, but the soldiers' fumbling and attempted fake punt, Astoria scored a touchdown; score, 25 to 0. Stevens kicked off to Sutton and the ball was forced through the visitors' territory to their goal line, where Astoria was held for downs. Stevens fumbled at a critical period and another touchdown resulted. Time was then called, the final score being 30 to 0.

"I was very well pleased with the showing of the Astorians," said Charles H. Abercrombie, the coach. "Their defensive work was particularly good and the team gives promise of developing into a strong one. We will be in good shape to meet Ilwaco next Sunday."

The work of Barker, Stockton, Graham and Goddard was excellent in the Sunday game, and the rest of the men likewise showed up well. The teams lined up as follows:

Fort Stevens—Beesley, left half; Van Fleet, quarterback; Dalsen right half; Hoover, fullback; Henderson, center; Cope, right guard; Cooke, left guard; Roath, left tackle; Trause, right tackle; Daly, right end; O'Toole, left end; Hemminger and Adams, substitutes.

Astoria—Left end, Wedal; left tackle, Minard; left guard, Christensen; center, Bays; right guard, Gammal; right tackle, Sutton; right end, Graham; quarterback, Stockton; left half, Barker; right half, Knutsen; fullback, Goddard.

FUNERAL NOTICE.

Notice is hereby given that the burial of our late comrade Chas. May, will take place on Wednesday, Nov. 4. The funeral services will be held at the Odd Fellows' hall, services at the grave to be private—funeral cortege will leave on regular Seaside train at 11:30 a. m. Comrades and ladies of the auxiliary corps are invited to meet at B. F. Allen's store on the evening of the 3d inst. at 2 o'clock, p. m., to arrange further details of the funeral.

By order of the Commander. The Committee.

NEW STREET TO BE B

The Council Makes Plan to Connect East End of the Business Center.

REGULAR SESSION IS HELD

Franklin Avenue to Be Repaired From Thirty-second to Forty-third—Other Street Matters.

At last night's meeting of the city council a resolution was adopted providing for the improvement of Franklin avenue from Thirty-six to Forty-third street. Councilman Hansen opposed the resolution because the proposed new street will run over the house of a man who lives in the gulch on Thirty-eighth street. However, the improvement is necessary in order that the East End may have connection with the business part of the city.

Councilman Wright said that, unless the council immediately took steps to improve Franklin avenue between Thirty-second and Thirty-sixth streets, there would be little use of making the improvement between Thirty-sixth and Forty-third. Franklin avenue between Thirty-second and Thirty-sixth is now impassable, and unless repairs are made the people of the east end will be entirely shut off, with no other communication than by water. While no action was taken last evening looking to an improvement such as was suggested by Mr. Wright, it is probable the necessary ordinance will be offered at the next meeting.

The petition of property owners for the establishment of a street light at Fifteenth street and Summit avenue precipitated a lengthy discussion. The petition was a veritably worded document, alleging among other things that there are a "good many residences in the immediate vicinity who have no protection from light." Mr. Nordstrom was of the opinion that the petition could not be granted, for the reason that there were other places where lights were quite as badly needed, and because the city could not afford to pay for more lights. Mr. Wright was of the belief that several additional lights were needed and he thought the city could well afford to pay for them. The lights in use cost the city 25 cents a night, while the contract specifies that additional lights shall be paid for at the rate of \$6 a month. The petition was referred to the street committee, with power to act.

The following ordinances were passed under suspension of the rules: Providing for the improvement of Duane street between Twelfth and Thirteenth and providing for the improvement of Thirteenth street between Exchange and Duane; confirming the assessments for the improvement of Eleventh street between Bond and Franklin avenue and Eighth street between Astor and Commercial.

Ordinances were read the third time and passed as follows: Appropriating \$272.45 for C. G. Palmberg, who improved Fifteenth street; appropriating \$271 for Mr. Palmberg for the Eleventh street improvement; appropriating out of the general fund \$492.56 and out of the special fund \$55.44 for Mr. Palmberg, who improved Eighth street; appropriating \$230 for W. A. Goodin for the construction of the Forty-fourth street drain.

Resolutions were adopted directing the surveyor to report upon the grade of a sewer on Twelfth street and Grand avenue; providing for equalization of the assessments for the Forty-fourth street drain and Fifteenth street improvement; establishing the grade of Exchange street between Thirteenth and Fourteenth.

W. A. Goodin submitted a proposal offering to construct a drain on Sixteenth street for \$120, but it was not accepted, the members of the council being of the opinion that the offer was excessive.

The ways and means committee reported favorably on the proposal submitted by Anna Johnson, who offered to settle her Eleventh street drain assessment for \$70.

Liquor licenses were granted to Steiner & Snow, Nels Simonsen and C. H. M. Greenwall, and applications were received from William Bock and Harry Jones.

The following claims were allowed: Board of assessors, \$50; Astoria Electric Company, \$345.50; Uppertown Transfer Company \$12.75; J. C. Clinton \$26; Astoria Box Company, \$11.42; Clatsop Mill Company, \$13.55; W. A. Goodin, \$220.10; Ford & Stokes Company, \$158.15; surveyor's payroll, \$232.50; Daily News, \$74.75; Frank Hart, \$1.95; J. H. Hansen, \$35.90; Frye-Gerdling Company, \$2.65.

JACOB BJORNSTROM DIES.

Jacob Bjornstrom died Sunday at St. Mary's hospital, aged 68 years. The deceased was a native of Finland and had been a resident of this city for several years. Mrs. Bjornstrom lives in New York state. The funeral will be held this afternoon from Pohl's and the interment will be in Greenwood cemetery. Rev. J. W. McCormac will officiate at the services.
